Packaging

A woman with long dark hair, wearing a white lace-trimmed cardigan, is sitting on a patterned rug and opening a black box. Inside the box, which is lined with black velvet, lies a clear crystal bottle with a textured, diamond-cut surface and a gold band around its middle. She is smiling and looking down at the bottle. The background shows a blurred interior with a wooden chair and a mirror.

Rogaška's
packaging is designed
as an extension of the
product itself — refined,
protective, and aligned
with the brand's
heritage of luxury
craftsmanship.

Standard packaging

Products are presented in sturdy corrugated cardboard cartons, laminated in elegant matte black paper. The design is completed with a hot-foil stamped logo, creating a clean, understated yet premium first impression.

Premium gift box with foam insert

A more elevated presentation featuring a rigid gift box construction with a precision-cut, sculpted foam insert. The exterior is finished with high-quality decorative paper, ensuring both secure protection and a sophisticated unboxing experience.

Luxury gift box with satin insert

The highest tier of presentation, combining a rigid luxury gift box with a soft satin-lined interior. The silky finish enhances the product reveal, adding a tactile sense of exclusivity and ceremonial elegance.
